PROFILE

I'm a motivated and hardworking Computer Science undergraduate proficient in programming languages such as ASP .Net, JavaScript, Java, and SQL. I have strong soft skills including excellent communication, problem-solving, teamwork, and reliability. These skills, combined with my technical knowledge in programming, make me a valuable asset to the team. I bring a strong dedication to learning, which makes me a promising candidate ready to help the team achieve company goals.

WORK EXPERIENCE

Backend Developer (Intern)

Code House Media   2022/05 - 2022/11

- Collaborated closely with senior engineers to design, implement, and maintain critical phases of Java application development; optimized code performance.
- Designed and developed APIs.
- Resolved bugs and issues reported by the team and users.
- Create servers and databases for functionality

PROJECTS

Student-Portal

- This project is an ASP.NET MVC CRUD application built using the .NET 8 MVC template in Visual Studio 2022.
